Workshop with Judith Greavu

**tickets available at the
Bluffton Library**

A one session 3 hour class in creating an expressive glass pendant or medallion. Multiple pieces of glass will be arranged, stacked, and glued in preparation for kiln fired fusing. It is suggested that participants base their designs on moods, feelings or actions associated with a favorite book.

The skills that will be introduced are: recognizing properties of glass, designing for expression through color and movement, designing for use, glass cutting and gluing.

The glass pieces will be kiln fired off site and the class will meet briefly one week later to have their pieces returned and analyze results.

Organized by: Friends of the Bluffton Public Library

Glass working materials are all donated and all the tuition monies will go to funding the Library. 145 S. Main St, Bluffton, Ohio 45817
