

About us

We are a half day program that focus's on Kindergarten Readiness. We have a structured routine and kid focused atmosphere. We welcome you to stop in and see what we are about.

Center Based Curriculum

Our Curriculum is Center Based. This works best for all types of learners. The center materials are selected to follow the monthly theme and enrich learning behaviors and communication skills independently. Materials are rotated out to keep students interested and engaged in their work.

Academic Goals

The teachers in the classroom work individually with each student at their current academic level. This has been beneficial to many students to show achievement and success throughout the school year.
