

Students at BHS painted rain

barrels for a decorating contest being sponsored by the Blanchard River Watershed Partnership. The students will be painting the barrels which will be set up so people can sit around them but they will also be judged. The barrels are going to be shown at Findlay Village Mall from Wednesday May 1st through Saturday May 4th. A "People's Choice Award" will be given depending on votes from mall shoppers. Voting ends May 3rd at 3 PM. Several businesses and agencies will be sponsoring the rain barrels and others will be put in a silent auction. The first rain barrel was created by Celeste Stauber and McKenna Reneker (also shown above in the process of painting) and the second barrel was painted by Jessica Mikesell, Sierra Amstutz, and Karli Leugers.
