

Celebrating Life at Mennonite Home Communities

Mennonite Home Communities of Ohio (MHCO) is all about living life to its fullest. That's why we continue to offer new and innovative programs and services like the Green House Project. These programs and services are enhanced by the strong support from the community. Whether providing a meaningful worship service, visiting elders, providing baked goods for bake sales, transporting elders, contributing financially, or assisting in other ways, our elders are grateful for the generosity of the community.
