

BHS Musical Props Alice in Wonderland:

Bluffton High School's musical *Alice in Wonderland* will premier on April 12th in the Middle School's cafetorium. The musical takes a lot of preparing, but it's not all about memorizing lines. There's much more that goes along with it, like preparing for the sets.

Many of Bluffton High School's art students helped out with creating the set. *Alice in Wonderland's* setting is in a forest type place, so Celeste Stauber (Junior) painted trees for the set's background. Another artist is Mckenna Reneker (Senior), who painted and designed the box that looks like a deck of cards. It will be used as a table leg in one of the sets. One last artist is Lauren Yost (Junior) who painted the mugs. The mugs will be used for the Mad Hatter scene.

Those are just a few examples of the artist that have helped out in making this musical possible. All of them have worked very hard and have dedicated themselves to this musical, to make it look good.

Celeste Stauber
