MIDDLE SCHOOL NIGHT AT THE MUSEUM

April 5, 2016
Photos by Fred Steiner

It was Bluffton middle school's "Night at the Museum"... a living museum.

The cross-cultural project with Language Arts and Social Studies involved 260 sixth, seventh and eighth graders.

Over 900 persons visited the museum during its one-night event on April 5 in the middle school cafetorium.

Each student developed a project board for display.

- Sixth grade projects focused on countries of the world.
- Seventh grade projects focused on famous people.
- Eighth grade projects focused on careers of their choice.

Several photos involving eighth graders and careers are represented in photos accompanying this story.

On the cover:

Braxton Romick - Homicide Detective
