		<b>Water Only</b>	<b>\$1,919,000</b>	
		<b>Sewer Only</b>	<b>\$2,100,000</b>	

The Village of Bluffton actively seeks out financial assistance for infrastructure projects. In recent years, the Village has received assistance in the form of partial grants and low-interest loans for water and sewer infrastructure improvements. The Village will continue to seek out financial assistance for these proposed projects to decrease, as much as possible, the financial burden on the Village for these necessary infrastructure improvements.
